### **SEPA Checklist Routing Form**

Date: November 10, 2020

File #SEP20-004: Casey Winters with Winters Anchor Point, LLC, has applied for a shoreline substantial development permit (SSDP) to continue placement and/or removal of approximately 0.5 to 2.2 million cubic yards annually of Cowlitz and Columbia River dredged material on the site from 2021 through 2026. The dredging of the lower Cowlitz and Columbia Rivers is performed on an as-needed basis following flood control assessments completed by the Army Corps of Engineers. The dredge material (primarily sand) is mined and removed under a Washington Department of Natural Resources mining permit. This activity has been occurring since approximately 1980. The project area is zoned General Industrial. The address for the property is 3000 Old Pacific Highway, Kelso, WA 98626. The approximately 387-acre site is located at the confluence of the Cowlitz River and Carrolls Channel, a side channel of the Columbia River.
